Please write down the correct size of the number plate:

<input type="text"/>	Front number plate	<input type="text"/>	Rear number plate
----------------------	--------------------	----------------------	-------------------

E. Notes

UNREGISTERED TRAILERS WITH MANUFACTURER'S PLATES <ul style="list-style-type: none"> A report by an engineer will be requested to verify that the weight and dimensions stipulated on the plate conform to the actual weight and dimensions of the trailer. In the case that the weight and dimensions do not tally with the statutory plate, a new plate has to be fixed to the chassis and stamped by the engineer responsible. 	UNREGISTERED TRAILERS WITHOUT MANUFACTURER'S PLATES <ul style="list-style-type: none"> An engineer must inspect the vehicle to ensure it is safe and fit for use on the road, and to establish the Gross Vehicle Weight (GVW) of the trailer. A new plate must be produced and this has to be affixed to the chassis by the engineer responsible. A report by an engineer will be requested to verify that the weight and dimension stipulated on the plate conform to the actual weights and dimensions of the trailer. In case where no chassis number is found the engineer is to stamp a chronological chassis numbers which will also be recorded in the Engineer's report.
<ul style="list-style-type: none"> These trailers will only be allowed to be used on national territory only. Eventually the trailers will be licensed and VRT tested on a yearly basis 	
<ul style="list-style-type: none"> It is pertinent to note that should any of the current unregistered trailers be inspected by the engineer and the engineer confirms that this trailer is not suitable to be driven on the road then the Authority will inform the respective owner that such trailer will be taken off the road. 	

F. Declaration

Known all men by these present that I the undersigned, in consideration of the Authority for Transport not objecting to the registration of the above vehicle hereby agree to indemnify and save harmless the Malta Transport and the Government of Malta and each and all its officers and employees against any and all liability, loss, damages, costs or expense which it or them may ever hereafter incur, suffer or be required to pay by reason of the said registration. I/We hereby declare that the information above and overleaf is true, complete and correct.

I am aware that the vehicle in question will be registered and licensed in Malta within 7 days on condition that, should it be found to have been reported stolen elsewhere, the local registration number plates and logbook will be seized and vehicle will be impounded. I hereby declare that the information attached is true, complete and correct and tallies with the foreign registration certificate.
