

INCIDENT TAT-TRAFFIKU

# FRONT - TO - REAR

COLLISION

**“F’dan il-każ, m’hemmx  
bżonn ingibu Pulizija”**

***“In this case, one does  
not need to call the police”***

A woman with short dark hair, wearing a light-colored button-down shirt, is holding a large, detailed police report form. The form is titled 'Dipartizzjoni dmat Incidenti ta' Traffiku - Front-to-rear' and contains various fields for recording accident details, including vehicle information, driver details, and a section for witness statements. The form is partially filled out with text and symbols.

## HOW TO USE THESE FORMS IN FRONT-TO-REAR COLLISIONS

Each driver who is involved in a front-to-rear collision, should fill in and exchange a copy of this form.

In all other collisions the Local Wardens should be called on site on (tel.21 32 02 02). You have to inform the Local Wardens in case of injuries or damage to Government property in order for them to call the Police.

if a driver does not follow these instructions, he will be breaking the law.

### At the scene of the accident

- 1 Although each driver is supposed to have a copy of this form in his car, only one **Statement of Facts** is to be used, and it does not matter which one is completed. When the accident involves more than two vehicles, a second form should be used.
- 2 The **Statement of Facts** is self-carbonised. Preferably using a ball-point pen, complete fully either the yellow or the green part of the Statement of Facts. The other driver is to complete the other coloured section pertaining to the second vehicle. Obviously both drivers will need to refer to their insurance certificates and driving licences.
- 3 Get details of all witnesses before they leave. Complete question 5.
- 4 When you are satisfied with the accuracy of the statement, sign it and have it signed by the other driver (15). Keep one copy and hand the other to the other driver.
- 5 Don't forget to:
  - (a) mark clearly under (10) the point of initial impact.
  - (b) tick (✓) in each appropriate square on your side (numbers 1 to 7) in section 13 and state the total number of spaces marked.
  - (c) draw a plan of the accident location (14) showing all the information indicated.
- 6 It is advisable to keep a disposable camera in your car. In this way, you will be able to take photographs of the collision, so as to have better proof.

### When you return home

- (1) Fully complete the **Motor Accident Report** on the back of your version of the **Statement of Facts**. This is your own report to your insurers, and in case of need, your insurance company will help you fill in this report.
- (2) Immediately inform your insurer about the accident and deliver this form to them which includes (i) the **Statement of Facts** and (ii) **Motor Accident Report**.
