

OPERATIONS ADVISORY NOTICE (OAN)		 Transport Malta Civil Aviation Directorate Flight Operations Inspectorate Transport Malta Centre Triq Pantar Lija LJA 2021 Malta
OAN Number: 14/20	Issue Date: 13 November 2020	
Subject: ICAO DG Technical Instructions Update 2021-2022.		

1.0 INTRODUCTION

This OAN provides advice to all AOC holders on updates to the ICAO Technical Instructions for the Safe Handling Dangerous Goods (DG) Goods Doc 9284.

2.0 IMPACTS OF CHANGE

Operators are advised to take note of the updates information in ICAO Technical Instruction for Safe Handling of DG Doc 9284 2021-2022 edition. This update contains important information that will affect the contents of each OM Part A, irrespectively of whether they are approved to carry DG or not.

Operators must include the transport of DG including lithium batteries and cells as cargo in the scope of their management system, and conduct specific RA for the transport in the cargo compartment.

This update shall be done in accordance with updates that **do not require** prior approval except for those operators who hold approval to carry DG. Operators are expected to advise all concerned personnel of such updates via established internal procedures.

3.0 REQUIRED DOCUMENTS

Operators are reminded that such elements form part of the standard SAFA/SACA inspections, and any outdated information will results in CAT 2 Findings.
