Re-construction work of two jetties in Il-Bajja ta' San Tumas

The Ports and Yachting Directorate, Transport Malta notifies mariners and the general public that re-construction works will be carried out at two jetties in Il-Bajja ta' San Tumas.

The work will be carried out from Thursday 11th June 2020 until further notice.

Divers will be carrying out some of the work and will be displaying the International Code Flag "A".

Two silt curtain will be laid one along the imaginary lines joining points A, B, C and D and the other along the imaginary lines joining the points E, F, G and H (both approximately 3m from the jetties) as shown by the dashed red lines on attached chart.

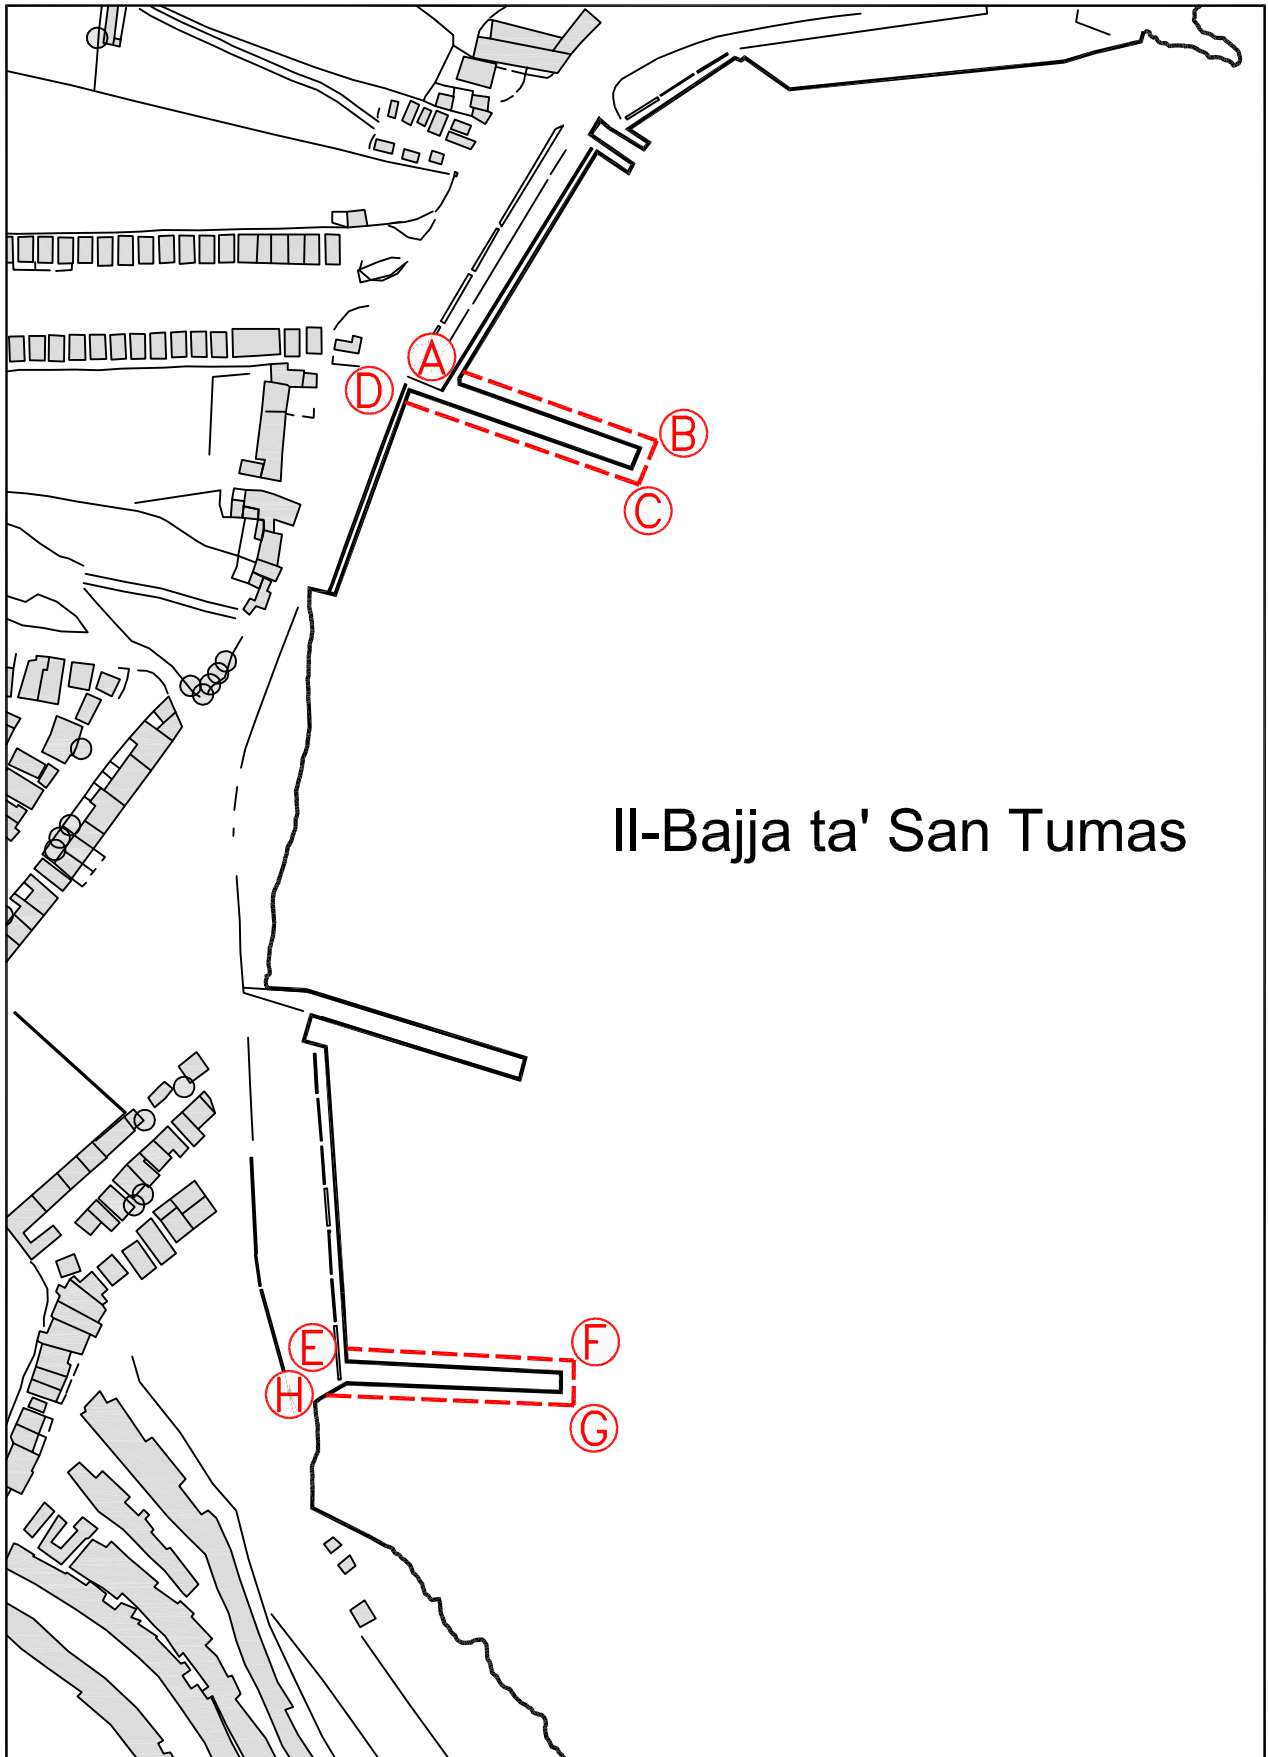

Owners of vessels that are moored or have a mooring within the area of 10 meters from the jetties, are to remove such moorings and associated ground tackle with immediate effect and not later than Wednesday 10th June 2020.

Any vessels and moorings that are left in this area will be removed at the expense of the owner. No liability whatsoever will be accepted by the Authority for any damage that may be caused while removing the said vessels and moorings.

The jetties cannot be used during this period due to the silt curtain and the construction works. Masters and vessel operators are instructed to cooperate with the contractor on site. They are to keep a sharp lookout and navigate at very slow speed (no wake) during the above mentioned dates.

All vessel operators are to comply with any instructions as given by Valletta Port Control (Valletta VTS) on VHF channel 12.

Chart affected: **BA 2538**
